

WealthCover

Benefits

Make additional payments regularly to increase the value of your investment account. 95%* of your payments will be allocated to purchase units in the fund of your choice so you can fully participate in the performance of our investment-linked funds. It will not increase the basic sum assured.

- ❖ An affordable attachment to your basic plan, as premium payment starts from as low as RM20 a month
- ❖ The attachment of WealthCover is done with no additional charge
- ❖ Potentially reap attractive returns#, which in turn can be used for your future financial needs

* Basic premium payments for the investment-linked insurance basic plan and the other riders must first be made the unallocated premium is an upfront charge on the premium paid and is used to meet our expenses and direct distribution cost, including the commissions payable to our agents/ brokers/ financial advisers.

The potential returns, which are derived from the balance in the investment account, will depend largely on the performance of the investment market. Previous fund performance does not guarantee future fund performance and as such, the policy benefits may either go up or down based on the performance of the funds. The investment risk under the policy will be solely borne by the Policy Owner
